OBJECTIVE:

Motivated and detail-oriented Computer Applications postgraduate seeking a challenging role in software development, machine learning, or cybersecurity. Eager to apply technical expertise, creative thinking, and a collaborative spirit to deliver impactful solutions.

SKILLS:

Languages & Programming:
- Python
- PHP
- SQL
- Java (academic knowledge)

Web & App Development:
- HTML5, CSS
- Flask
- Android Studio

Machine Learning & AI:
- TensorFlow, Keras
- Librosa, MFCC
- FFmpeg

Database & Backend:
- MySQL
- XAMPP
- RESTful API concepts

Tools & Utilities:
- Microsoft Office
- VS Code, Jupyter Notebook

Cybersecurity Awareness:
- Secure data handling
- Network Security Certification
- Cisco Cybersecurity Certification

Soft Skills:
- Team collaboration
- Problem-solving
- Communication

EDUCATION:

Master of Computer Applications (MCA)
REVA University,
Bangalore — Expected 2025
CGPA: 8.76 current

Bachelor of Computer Applications (BCA)
DVDMT's Smt. Kumudben Darbar College,
Vijayapura — 2023
Percentage: 84.68%

12th (PUC)
BVVS Independent Science PU College,
Bagalkot — 2020
Percentage: 57.3%

10th (SSLC)
GVVS English Medium High School
Nidagundi — 2018
Percentage: 94.4%

CERTIFICATIONS:

- **Cisco Certified Support Technician Cybersecurity**
  Cisco
- **Entrepreneurship I: Laying the Foundation**
  Infosys springboard
- **Information Technology Specialist Network Security**
  Certiport - A Pearson VUE Business
- **Power BI Workshop**
  Mevi Technologies LLP

LANGUAGES:

Kannada, Hindi, English

PROJECTS:

- Music Genre Classification (AI/ML Project)
  - Built a Flask-based web app to classify music genres using CNN and MFCC features.
  - Used Librosa and FFmpeg for audio preprocessing and format handling.
  - Trained models with TensorFlow and Keras.
  - Enabled real-time music file upload and genre prediction in browser.
- Hotel Management System (Web Application)
  - Designed a full-stack hotel booking system using PHP, MySQL, and HTML/CSS.
  - Integrated real-time room availability and secure backend.
  - Collaborated with team members for feature updates and UX improvements.
