Interests

GitOps

FinOps

DevSecOps

Platform Engineering

Kubernetes Operations (KOps)

Infrastructure as Code (IaC) at Scale

Education

National Public School
Physic, Chem, Maths
Inter School
2022

Shri Ram Murti Smarak College of Engg
Computer Science
B.Tech
2022 - 2026

Side Challanges

Scaling with Google Cloud Operations

Modernize Infrastructure and Applications

Digital Transformation with Google Cloud

Use Functions, Formulas, and Charts in Google Sheets

Summary

DevOps Engineer with experience in automating infrastructure, streamlining CI/CD pipelines, and deploying scalable cloud solutions on **AWS** and **Azure**. Skilled in **Docker**, **Kubernetes**, **Terraform**, and **monitoring tools** like **Prometheus** and **Grafana**. Proven track record of reducing deployment time by 60% and improving system reliability through automation and observability.
