Location: Medchal, Telangana, India

PROFESSIONAL SUMMARY

Final-year B.Tech Computer Science and Engineering student with a strong foundation in full-stack web development and modern frameworks. Experienced in project-based and certified internships, including real-time applications using MERN stack, Python, and cloud platforms. Actively seeking part-time or remote industry-level internships to apply academic learning in real-world environments.

TECHNICAL SKILLS

- Programming Languages: Python, Java, JavaScript
- Web Development: HTML, CSS, MERN (MongoDB, Express.js, React.js, Node.js), Django
- Databases: MySQL, MongoDB, PostgreSQL
- Tools & Platforms: Apache, Visual Studio Code, Project IDX
- Others: AWS (Amazon Web Services), Kali Linux

EDUCATION

Bachelor of Technology (B. Tech) in Computer Science and Engineering
Malla Reddy University, Hyderabad
2022 – 2026 (Expected) | Current CGPA: 8.35

Intermediate (Class XII)
SR Junior College, Telangana State Board of Intermediate Education
Graduated: 2022 | Score: 93%

Class X (CBSE)
Sage High School, Jangaon
Graduated: 2020 | Score: 67%

PROJECTS & INTERNSHIPS

AUCTISM – Real-time Auction Bidding Platform
Project-based Internship by Edunet Foundation

- Developed a MERN stack application with live auction bidding using WebSocket.io
- Integrated AWS S3 for media storage and real-time bid updates
- Selected among top performers and presented to an industry evaluation panel

Attendance Management System (Python GUI) Internship by Edunet Foundation
- Built a face-recognition based attendance app using Python and webcam integration
- Enabled real-time logging and user registration via image or live capture
- Replaced traditional manual attendance systems with secure digital access

SmathaKrisan – Farmer Advisory Chatbot (MERN + Voice AI)
- Built a MERN-based platform with multilingual chatbot in Telugu, Hindi, and English
- Integrated voice recognition and JWT authentication for user data security
- Implemented JWT-based user authentication and interactive crop advisory features

PrayasMaya – Travel Companion Platform
- Created a React-Node.js application to centralize travel services and itinerary planning
- Used MySQL for backend storage and implemented login and booking workflows

Cohort Internships by EduSkills (Certified)
- Cohort 9: Embedded Systems – Microchip University
- Cohort 10: Android Development – Kotlin (Google Developer Program)
- Cohort 11: Cloud Security – ZScaler Platform
- Cohort 12: Ethical Hacking – Kali Linux

CERTIFICATIONS & ACHIEVEMENTS

- Coursera: Python for Beginners, Introduction to Python, Java for Beginners
- HackerRank: SQL (Basic)
- Internship merit and participation certificates from Edunet Foundation and AICTE-EduSkills cohorts
- Certificate in Resume Writing – Saylor Academy
- Recognized among Top 20 presenters for AUCTISM Project by Edunet

LANGUAGES

Telugu (Native), English (Fluent), Hindi (Proficient), Tamil (Basic – Learning)
