Abhinav Singh

singhabhinav192003@gmail.com | 7827563250

SUMMARY

- B.Tech student in Mathematics and Computing with a solid foundation in core mathematical concepts, including probability, differential equations, and statistics.
- Proficient in programming languages such as C, C++, Python, MATLAB, and Java, with a strong interest in applying computational techniques to real-world problems.
- Skilled in analytical thinking and problem solving, with practical experience in algorithm design, software development, and data analysis.

SKILLS

Languages:	Python, C/C++, Java, MATLAB, PHP, JavaScript
Data Skills:	Data Analysis, Data Cleanup, Data Visualization, Interpretation
Soft Skills:	Technical Communication, Architecture Diagrams

ACADEMIC ACHIEVEMENTS AND AWARDS

- Awarded **Academic Excellence** in Class X by Salwan Public School (2019).
- Secured 3rd position in the Inter-Class Debate Competition, Class XII, Salwan Public School (2021).
- Awarded 2nd position in the Zonal Level Yoga Competition (2015).
- Secured 10th rank in the Salwan Cross-Country Run (2015–16).

PROJECTS

MOVIE RECOMMENDATION SYSTEM

- Developed a content-based real-time movie recommendation system using the IMDB 5000 dataset, achieving 88% accuracy. Deployed the model using a Flask server for OTT platform use cases.

TIC-TAC-TOE POWERED BY AI

- Designed and deployed a real-time interactive Tic-Tac-Toe game implementing the Min-Max algorithm with Alpha-Beta pruning for optimal move selection.

SPEECH TO TEXT

- Implemented a real-time speech-to-text system using Python libraries to accurately convert spoken language into digital text and execute corresponding tasks.

DRAW-CARD-GAME

- Developed a Python-based card game that simulates drawing cards from a deck and determines the winner based on the higher card value.

EDUCATION

DELHI TECHNOLOGICAL UNIVERSITY

B.Tech in Mathematics and Computing
Nov 2022 - May 2026
CGPA: 6.5

SALWAN PUBLIC SCHOOL

Class X: 88%
Class XII: 90%

LINKS

LinkedIn

TECHNOLOGY

- Git/Github
- AWS
- Linux
- UNIX
- Windows
- ROS
- Artificial Intelligence
- Automation
- VS Code

UNDERGRADUATE

- Artificial Intelligence
- Machine learning
- Algorithm Design and Analysis
- Scientific computing
- Software engineering
- Theory of Computation
- Financial Engineering
- Stochastic process
- Operating Systems
- Calculus I-IV
- Data Analysis
- Introduction to Probability

POSITION OF RESPONSIBILITY

- CO-HEAD in Logistics Team|Cultural fest 2024
- Volunteer in Logistics Department| Cultural Fest 2023 | DTU
- Member of Debating Society | Cognitive Minds | DTU
- Student Volunteer | NSS DTU
